DATASCIENCE CLUB

The Data Science Club, established on 18.03.2021 in collaboration with Imarticus Learning, aims to harness the growing importance of data science by fostering innovation, technical skills, and analytical thinking among students, enabling them to excel in emerging technological domains.

VISION

To empower students with strong capabilities in data science by enabling them to apply advanced techniques, master computational tools, and develop programming expertise, while fostering meaningful collaborations between academia and industry.

MISSION

To deliver high-quality education in data science by equipping students with essential technical and analytical skills, enhancing their employability, and providing meaningful exposure to industry practices and real-world applications.

LIST OF EVENTS CONDUCTED BY THE DATASCIENCE CLUB

ACADEMIC YEAR 2025-26 (ODD)

S.NO	EVENT DATE	EVENT NAME	EVENT DESCRIPTION	SDG	JUSTIFICATION
1	14/07/2025	LOGO CONTEST	A creative competition where students design an innovative logo representing the identity of the Data Science Club.	SDG 4: Quality Education	Encourages creativity, design thinking, and experiential learning.
				SDG 9: Industry, Innovation and Infrastructure	Promotes innovation in branding and digital design.
				SDG 8: Decent Work and Economic Growth	Develops creative skills relevant to media and design careers.
2	22/07/2025	CODE BATTLE	A blind coding competition that tests students' programming logic, accuracy, and problem-solving skills under constraints.	SDG 4: Quality Education	Enhances coding, logical thinking, and problem-solving skills.
				SDG 9: Industry, Innovation and Infrastructure	Builds industry-relevant technical competencies.
				SDG 8: Decent Work and Economic Growth	Improves employability through competitive coding exposure.
3	22/07/2025	CLASH OF CLANS	A technical debate event where students discuss and analyze trending topics in technology	SDG 4: Quality Education	Strengthens critical thinking and communication skills.
				SDG 9: Industry, Innovation and Infrastructure	Encourages evaluation of emerging technologies.
				SDG 16: Peace, Justice and Strong Institutions	Promotes ethical discussion and structured argumentation.
4	22/07/2025	IDEA PRESENTATION	Students present innovative project ideas focusing on solving real-world problems using technology.	SDG 4: Quality Education	Supports experiential and project-based learning.
				SDG 9: Industry, Innovation and Infrastructure	Encourages innovative and technology-driven ideas.
				SDG 8: Decent Work and Economic Growth	Develops entrepreneurial and problem-solving skills.
5	22/07/2025	CODE ARENA	A competitive coding contest that evaluates students' speed, efficiency, and accuracy in solving problems.	SDG 4: Quality Education	Improves coding efficiency, speed, and analytical thinking.
				SDG 9: Industry, Innovation and Infrastructure	Strengthens technical expertise for industry challenges.
				SDG 8: Decent Work and Economic Growth	Enhances career readiness through competitive learning.

5	31/07/2025	DATA DUEL	A coding and debugging challenge designed to test students' programming and analytical skills in a competitive setting.	SDG 4: Quality Education	Enhances debugging and hands-on coding skills.
				SDG 9: Industry, Innovation and Infrastructure	Promotes innovative problem-solving approaches.
				SDG 8: Decent Work and Economic Growth	Builds job-ready programming skills.
7	05/08/2025	THE CAFE	A hands-on event focusing on Python programming, data analysis, and visualization in a time-bound challenge format.	SDG 4: Quality Education	Develops data analysis and visualization skills.
				SDG 9: Industry, Innovation and Infrastructure	Encourages data-driven innovation.
				SDG 8: Decent Work and Economic Growth	Prepares students for careers in data science.

ACADEMIC YEAR 2025-26 (EVEN)

S.NO	EVENT DATE	EVENT NAME	EVENT DESCRIPTION	SDG	JUSTIFICATION
1	21/01/2025 & 22/01/2025	DATA XSCAPE 2K26 <i>in Collaboration with HEXAWARE</i>	A 24-hour National Level "DATASCIENCE" Hackathon where participants collaborate to solve real-world problems using data-driven approaches, coding, and innovative solutions.	SDG 4: Quality Education	Promotes experiential and collaborative learning by enhancing problem-solving, analytical thinking, and technical skills in data science.
				SDG 9: Industry, Innovation and Infrastructure	Encourages innovation and development of scalable, technology-driven solutions aligned with real-world industry challenges.
				SDG 8: Decent Work and Economic Growth	Enhances employability by fostering industry-relevant skills, teamwork, and entrepreneurial thinking.
